

Dear Parent of CHS Chemistry/Physics Student,

I wanted to give you some information about your student's Chemistry/Physics class. Mr. Kincaid decided to leave the district for personal reasons. We are currently in the process of hiring a new certified teacher. We would like to have the new teacher start by February 7th.

I would ask that any questions or concerns be addressed to myself at dustin.davisson@comalisd.org or larry.anderson@comalisd.org. Larry Anderson is our department head and is working with the sub(s) to prevent the students from falling behind.

Mr. Anderson has a website to help you get assistance for your student. Please check Parent portal to see what assignments your student is missing. If you find some of the recent assignments from the past unit have not been turned in, you may visit www.Landerson.net and select the KChemistry or KPhysics menu choice to download one of these activities. There is a google calendar and notes/videos for the chapters.

If the assignment they are missing is not found, e-mail him at Larry.Anderson@comalisd.org and he will either add it, or have them pick it up at school. He has tutorials every morning and every WIN tutorial period in room E-106. If they truly want help and want to learn the material, they have the opportunity.

Please e-mail if you have any questions. Thanks for your understanding.

Dustin Davisson
CHS Academic Dean
